Quick Guide: Find Grades in Canvas

Two Grades links enable you to see scores for courses in which you are enrolled. If you do not see a link to Grades in the course navigation menu, or if your course is not listed under the global Grades menu, this means your instructor has removed student access to this tool.

Viewing Grades

1. Access global grades by clicking on the Grades link at the top of the page.

2. Click on this link to display cumulative total grades for all of the courses in which you are currently enrolled. If the instructor has not yet entered grades, “no grade” is displayed.

Courses I'm Taking

- NextGen ELMS (Canvas) Teams: no grade
- Course Design Workshop: no grade
- Instructor Resources Home Page: no grade
- How Do I Webinars
- Writing Internship: Undergraduate Teaching Assistants in Writing Programs: no grade

3. To view a grade for a single course, click on the course name from the “Courses” drop-down menu.

4. Click on the Grades link in the Navigation menu to view your score in the course. A number next to the Grades link informs you of the number of new grades awaiting your review.
